

Please note that many of these Apps will be used next year. The following Apps have been organised into folders. Please create the folders and put the apps in the appropriate folder: **Maths, Word work / English, Story, Creativity, Productivity**. Please create a **Home / Games** folder for Apps you use at home. Try to organise all the school apps and folders so they are on the 'home' screen or front page, and the home Apps and games on the second screen or page.

There are essential Apps on the Whole School App List that need to be downloaded. We use these apps most days in Reading and Writing workshops.

To create a folder, press and hold one of the Apps so that they start to shake. You can then:

- Create a folder by dragging and then holding one App on top of another. You can then rename it.
 - Add an App to a folder by dragging an App so that it is on top of a folder.
- When you have finished, press the 'Home' button to stop the shaking.

1. MATHS Folder
